

FEBRUARY 2004

Page: 1 of 5

This Month's Meeting:

Place: Caddo Mills Senior Citizen Center

Date: FEB 12, 2004

Time: 7:00 P.M.

Message from the President:

Note from Dan

Well winter is really HERE!! Hope all is going well for every one. The Demo we did for the Quinlan High School went very good, there were some kids that were very interested in wood turning. The Demo that Marion McDaniel from the Dallas Area Woodturners did for us at the last meeting making a snow man was just great!! I know that several members have been making there version of the snowmen. We will have an open shop on Sat Feb 14, at Darren Evans **New shop**. He will provide a map. We have gotten some very good quotes to make our Club patch and would like to finalize the design at the next meeting.

Happy turnings. Dan

Call For Demonstrators

The Southwest Association of Woodturners formerly known as Texas Turn or Two is soliciting proposals from those interested in demonstrating at the 2004 woodturning symposium in Temple, Texas., October 2nd and 3rd. We here in Texas and the surrounding states have a vast amount of talent, and it is time to share skill and talents. This event last year attracted over 450 participants -- the second largest gathering of woodturners in the nation. If you have a unique skill or feel that you have something to offer, please contact your club TTT representative, or the TTT website for an information sheet that must be filled out and returned to the demonstrator selection committee by **April 30, 2004**. Information sheets are also available from the website www.texasturnortwo.com or from Bill Berry - Demonstrator Committee Chairman,

FEBRUARY 2004

Dear Woodturner,

Thank you for your interest in demonstrating at the 2004 Southwest Association of Woodturners symposium in Temple, Texas. The event will take place at the Mayborn Center and the adjoining Cultural Activities Center on Saturday and Sunday, October 2nd and 3rd.

Demonstrators are the “life blood” of a symposium. The facility, the food, the vendors, and the camaraderie are all part of what makes it happen, but without good demonstrators our symposiums will not thrive. We are fortunate here in Texas and the surrounding states to have a lot of talent. If you know another turner, that has good demonstration skill, encourage him to send in an application and participate. We can only get to be better turners if we are willing to share.

This application will be returned to the symposium demonstrator committee for consideration. Please be as specific as necessary. Your completed application will allow the committee to fully understand what you will be demonstrating.

Requirements:

- Demonstrators will be required to do a minimum of two (2) rotations
- A “handout” is strongly recommended. (Handouts usually give a written and/or pictorial description and procedure of what you are presenting. It is also an excellent place to list resources and suppliers.)

Name _____ Phone No. (_____) _____

Mailing Address: _____

Email Address: _____ Number of years turning experience: _____

What is the Name of your Demo: _____

Description of your Demo.:(Use back if necessary) _____

Have you presented at a past TTT/SWAT symposiums? ____ Yes ____ No
